The SPICE Prompt Vault

90+ Ready-to-Copy Claude Prompts for Work, Business & Everyday Life

How to Use This Vault

Every prompt below is ready to copy and paste into Claude. Just swap out anything in [brackets] with your own details. No teaching, no theory — just prompts that work, organized so you can find what you need fast.

A quick tip: the more specific you make the [bracketed] parts, the better your result will be. A filled-in prompt always beats a generic one.

1. Business & Marketing

1. Write a short WhatsApp broadcast for [offer], under 4 lines, not too salesy.
2. Give me 10 social media post ideas for [business type] this month — mix of product, tips, and engagement posts.
3. Write a payment reminder message for a client whose invoice is [X] days overdue.
4. Write a festival greeting + soft offer post for [festival] for my [business type].
5. Write a customer reply template for the question: "[common customer question]."
6. Create a 30-day content calendar for [business type] targeting [audience]. Just topics and hooks, not full posts.
7. Write an "About My Shop" section for my [business type] page, warm and personal, under 80 words.
8. Give me 5 ideas for a customer loyalty or referral offer for [business type].
9. Write a short thank-you message to send after a customer's first purchase.
10. Turn this list of features into simple, benefit-focused bullet points: [paste features].

2. Freelancing & Client Work

11. Write a short proposal pitching [service] to a client with this brief: [paste brief].
12. Write a polite follow-up message for a proposal I sent [X] days ago with no reply.
13. Write a simple scope-of-work document for [type of project], including timeline and payment terms.
14. Write a firm but polite message setting a boundary about [issue] with a client.
15. Write a message asking a client for a testimonial after finishing [project].
16. Rewrite this client email to sound more confident and professional: [paste email].
17. Write a short message explaining a project delay to a client, without over-apologizing.
18. Draft a simple freelance contract summary in plain language for [type of work].

3. Negotiation & Pricing Conversations

19. A client says my price is too high. Help me write a confident reply that doesn't immediately discount.
20. Write a message proposing a price increase to an existing client, keeping the relationship warm.

21. Help me think through how to respond when a client asks for unlimited free revisions.
22. Write a polite message declining a project that doesn't fit my budget or timeline.
23. Draft a message offering a client two package options instead of one, to make the higher one feel reasonable.

4. Students

24. Summarize these notes in simple language, highlighting anything important: [paste notes].
25. Create 10 practice questions based on this material: [paste notes]. Don't give answers yet.
26. Build a simple outline for a [word count] assignment on [topic] — structure only.
27. Explain [concept] like I'm hearing it for the first time, using a simple everyday example.
28. Give me a study plan for [subject] with [X] days before my exam.
29. Turn these messy notes into a clean, organized summary with headers: [paste notes].
30. Quiz me on [topic] with 5 questions, one at a time, and check my answers as I go.

5. Job Search

31. Rewrite my experience section to match this job description, without inventing anything: [paste resume + job description].
32. Write a cover letter for this role, mentioning one specific thing about the company: [paste job description].
33. Ask me 5 interview questions for a [role] position, one at a time, with feedback after each.
34. Write a short thank-you email to send after a job interview.
35. Help me turn this achievement into a strong resume bullet point: [describe what you did].
36. Write a LinkedIn message reaching out to someone for a referral at [company].

6. Documents & Data

37. Pull the item names, quantities, prices, and total from this bill into a table: [upload/paste].
38. Clean up this spreadsheet and flag anything that looks wrong: [paste/upload].
39. Summarize this document in plain language and point out anything unusual: [upload].
40. Turn this long report into a 5-bullet summary for someone who has no time to read it fully.
41. Fill in this invoice template with these details: [paste details + template].

7. Fixing & Improving Answers

42. Keep [X], but cut [Y], and change [Z] in your last response.
43. What are the 2-3 weakest parts of that response? Now fix them.
44. Make this shorter and less formal: [paste text].
45. Rewrite this to sound more confident, without changing the meaning: [paste text].
46. Give me 3 different versions of this message, each with a slightly different tone: [paste text].

8. Festival & Seasonal Content

47. Write a Diwali greeting + soft offer post for my [business type], warm and personal tone.

48. Give me 5 content ideas for [festival] relevant to a [business type].
49. Write a New Year message to send to customers, thanking them for the past year.
50. Suggest 3 ways to run a small festival-season offer without discounting too heavily.
51. Write a short caption mixing Hindi and English for a festival sale post.

9. WhatsApp Business

52. Write a short WhatsApp catalog description for [product], under 30 words.
53. Write 5 reply templates for common customer questions: availability, sizing, delivery, discounts, and returns.
54. Write a WhatsApp reply for a customer upset about a delayed order.
55. Write a broadcast message announcing [offer], sounding like a real person, not an ad.
56. Draft a WhatsApp message following up with a customer who asked about a product but didn't order.

10. Small Business Operations

57. Generate my weekly business report. Here are my numbers: [paste numbers]. Summarize performance and 2-3 priorities for next week.
58. Write a simple SOP for [task] that I could hand to someone else to follow.
59. Help me prepare 5 smart questions to ask before a meeting with [person/client] about [topic].
60. Give me a pros/cons analysis for deciding between [option A] and [option B], based on these factors: [list].
61. Write a simple job description for hiring a [role] for my business.

11. Teachers & Educators

62. Create a simple lesson plan for [topic] for [grade level], with an intro activity and wrap-up.
63. Create a 10-question quiz on [topic] with an answer key.
64. Write encouraging, specific feedback for a student who did well on content but needs to improve structure.
65. Give me 3 different ways to explain [concept] for students who are struggling with the standard explanation.

12. Personal & Everyday Life

66. Help me write a polite message declining an invitation without over-explaining.
67. Draft a message asking a friend to repay money I lent them, keeping it light but clear.
68. Write a short, sincere apology message for [situation].
69. Help me plan a simple weekly routine that balances work, health, and rest.
70. Write a message to reschedule an appointment politely.

13. Learning & Explaining Things Simply

71. Explain [topic] to me like I'm a complete beginner, using one relatable example.
72. Break down [complex idea] into 3 simple steps.

- 73. What are the 3 most common mistakes beginners make with [skill]? How do I avoid them?
- 74. Give me the "80/20" of [topic] — the 20% of knowledge that covers 80% of what I need to know.

14. Quick Everyday Helpers

- 75. Turn this into a clear, polite email: [rough notes or bullet points].
- 76. Summarize this long WhatsApp/email thread into 3 bullet points: [paste thread].
- 77. Help me write a message declining a sales call politely.
- 78. Draft a simple thank-you note for a gift or favor.
- 79. Write a short bio for my [Instagram/LinkedIn] profile, focused on [what you do].

15. Bonus: Multi-Step Prompt Chains

Sometimes one prompt isn't enough — chain a few together for better results.

- 80. **Step 1:** "Here are my business numbers: [paste]. What are the 3 most important takeaways?"

Step 2: "Based on that, what should I focus on next week?"

Step 3: "Turn this into a short report I can share with my team."

- 81. **Step 1:** "What are 5 common pain points for [your audience]?"

Step 2: "Based on those, suggest 5 content or product ideas that solve them."

Step 3: "Which of those 5 is easiest to act on this week? Explain why."

- 82. **Step 1:** "Draft a first version of [message/document]."

Step 2: "Critique this as if you're the toughest reviewer in [field]. What are the 3 weakest parts?"

Step 3: "Now fix those three things."

A Reminder

These prompts are starting points, not magic words. The real skill — from **Claude Unlocked: The SPICE Method** — is filling in the details that make a prompt fit **your** exact situation. Use this vault to save time getting started, then adjust each one as needed.
